

Leather Care Set

Product properties

Crystal Clear Leather Care Set allows easy cleaning of the leather interior of your vehicle. By using high quality waxes the leather receives its necessary moisture and is protected against long term fading and cracking.

Content:

300 ml Leather Cleaner Concentrate
300 ml Leather Conditioner
200 ml Leather Cleaner Foam
Microfibre Cloth
Sponge

Area of application

Suitable for Leather Clothing, Leather Furniture, Leather Bags, Leather Accessories etc.

Application

Leather Cleaner Foam

Shake well before use! Apply the foam onto the sponge supplied or directly onto the leather surface, use a circular motion and light pressure to distribute the cleaning foam. If required, allow to penetrate for a short time before using a damp cloth to remove the contamination which has been lifted out of the leather surface. The above process can be repeated, using the cleaner in the concentrated form if necessary to remove any stubborn contamination or soiling. Never clean individual spots or small areas, cleaning should be carried out "seam to seam". To ensure optimal protection the cleaned surfaces should be treated with Crystal Clear Leather Conditioner. Always test product on a small inconspicuous area before use.

Leather Cleaner Concentrate

Shake well before use! Dilute the Concentrated Leather Cleaner with water at a ratio of 1:3 and fill the foam dispenser with the mixture. Apply the mixture onto the sponge supplied or directly onto the leather surface, use a circular motion and light pressure to distribute the product. If required, allow the product to penetrate for a short time before using a cloth to remove the contamination which has been lifted out of the leather surface. To remove any stubborn contamination or soiling the above process can be repeated or, if necessary, the cleaner can be used in the concentrated form. Never clean individual spots or small areas, cleaning should be carried out "seam to seam". To ensure optimal protection the cleaned surfaces should be treated with Crystal Clear Leather Conditioner. Always test product on a small inconspicuous area before use.

Leather Conditioner

Shake well before use! Apply the Leather Conditioner onto the sponge supplied or directly onto the dry leather surface and leave for approx. 5 mins to penetrate. The process should be repeated on highly absorbent surfaces. Use the micro-fibre cloth to remove excess conditioner and then lightly polish. Always test product on a small inconspicuous area before use.

Consumption

10-30 ml per m²

Available size	Item no.	PU
Set	21310	1
